

Alzo International Inc

Wickenol 171

“The Refatting Ester”

INCI Name: Ethylhexyl Hydroxystearate

FEATURES:

- 73% naturally derived from castor oil
- branched viscous liquid
- non-oily, non-greasy, lubricious after feel
- exceptional substantivity
- sustainable alternative to 100 cst dimethicone
- REACh registered & globally compliant

SKIN CONDITIONING BENEFITS:

- increases amount of skin surface lipids after cleansing
- popular choice for use in SLS & soap-based systems
- better refatting agent than several natural oils

Derived from Nature. Designed by Alzo.
